GE FANUC QUICKPANEL EXACT-MODEL PRODUCT

IC754CKF15CTD

IC754CKF15CTD is a GE Fanuc starter kit centered on a fully loaded 15-inch QuickPanel Control color TFT display. The documented kit includes the display, Proficy Machine Edition software, a 24 VDC power supply, and an Ethernet cable; verify the complete shipment and licenses.

PRODUCT FAMILY	PRODUCT TYPE
15-inch QuickPanel Control	**Fully Loaded Color TFT Starter Kit**

Exact model configuration

CONFIGURATION FIELD	VERIFIED VALUE / CHECK
Displayed model	**IC754CKF15CTD**
Manufacturer	**GE Fanuc**
Product family	**15-inch QuickPanel Control**
Product type	**Fully Loaded Color TFT Starter Kit**
Configuration	**QuickPanel Control fully loaded starter kit**
Display	**15.1-inch color TFT**
Resolution	**1024 x 768 pixels**
Touch input	**Resistive touchscreen**
DRAM	**64 MB; expandable to 96 MB or 128 MB**
Serial	**COM1 RS-232/RS-485; COM2 RS-232**
Ethernet	**Two 10/100 Mbps LAN ports**
DC input	**12 VDC +/-20% or 24 VDC +/-20%**
Kit contents	**Display, Proficy ME software, 24 VDC power supply, Ethernet cable**
Panel cutout	**379 x 305 x 71 mm**
Country of origin	**USA**

Application fit

- Treat IC754CKF15CTD as a starter-kit code and confirm every included item before separating the shipment.
- Record software media or entitlement, power-supply rating, Ethernet cable, display model, revision, and mounting hardware.
- Bench-test the display, controller project, networking, serial ports, and expansion hardware before cabinet installation.

PRODUCT-SPECIFIC REFERENCE	INSTALLATION NOTE
The GE Fanuc starter-kit table lists IC754CKF15CTD with a 15-inch TFT display, Proficy Machine Edition software, 24 VDC power supply, and Ethernet cable.	Inventory the complete kit, establish approved project and network settings, calibrate touch, then validate integrated HMI and control behavior.

MODEL-SPECIFIC ENGINEERING REFERENCE

Before ordering IC754CKF15CTD

Use this page as a controlled procurement checklist. It does not replace the manufacturer instruction sheet, wiring drawing, approval certificate, or site safety procedure.

Ordering limits and selected values

CONFIGURATION FIELD	VERIFIED VALUE / CHECK
Manufacturer	**GE Fanuc**
Product family	**15-inch QuickPanel Control**
Product type	**Fully Loaded Color TFT Starter Kit**

Procurement checklist

- Verify IC754CKF15CTD on the kit label and the exact 15-inch Control display and revision inside the shipment.
- Inventory Proficy ME media or entitlement, 24 VDC power supply, Ethernet cable, mounting clamps, gasket, and power connector.
- Back up control and HMI projects, CompactFlash, retained values, recipes, alarms, and authorization records.
- Record LAN1/LAN2, COM1/COM2, fieldbus, controller role, I/O ownership, cutout, DC wiring, and protective earth.
- Bench-test project download, touch, display, networking, serial, fieldbus, alarms, commands, I/O, and rollback.

DIRECT SALES INQUIRY

Send the full model **IC754CKF15CTD**, quantity, delivery country, and a clear nameplate or installed-module photo.
